

Description of files in this folder

1. male_cohort_1_RO_AC.Rmd
 - a. Input: the “Data to plot – cohort 1” Excel within the “Male cohort 1 – RO” subfolder
 - b. Outputs:
 - i. Five plots in the “Male cohort 1 – RO” subfolder showing the results of activity chamber testing conducted one day after completion of a 3-day injection series. GDCA (0.4 mg/kg) or vehicle was administered by intravenous retro-orbital injection. All mice were male.
 - c. Note, the code also calculates accompanying statistics for a supplementary table (recorded in “Stats – cohort 1.xlsx” within the “Male cohort 1 – RO” subfolder)
2. male_cohort_1_RO_Ymaze.Rmd
 - a. Input: the “Data to plot – cohort 1” Excel within the “Male cohort 1 – RO” subfolder
 - b. Outputs:
 - i. Five plots in the “Male cohort 1 – RO” subfolder showing the results of Y-maze testing conducted two days after completion of a 3-day injection series. GDCA (0.4 mg/kg) or vehicle was administered by intravenous retro-orbital injection. All mice were male.
 - c. Note, the code also calculates accompanying statistics for a supplementary table (recorded in “Stats – cohort 1.xlsx” within the “Male cohort 1 – RO” subfolder)
3. male_cohort_2_PO_Ymaze.Rmd
 - a. Input: the “Data to plot – cohort 2” Excel within the “Male cohort 2 – PO” subfolder
 - b. Outputs:
 - i. Five plots in the “Male cohort 2 – PO” subfolder showing the results of Y-maze testing conducted one hour after oral gavage of GDCA (10 or 50 mg/kg) or vehicle. All mice were male.
 - c. Note, the code also calculates accompanying statistics for a supplementary table (recorded in “Stats – cohort 2.xlsx” within the “Male cohort 2 – PO” subfolder)
4. male_cohort_2_PO_temp.Rmd
 - a. Input: the “Data to plot – cohort 2” Excel within the “Male cohort 2 – PO” subfolder
 - b. Outputs:

- i. A plot of body temperature over time after oral gavage with vehicle or GDCA at 10 or 50 mg/kg. All mice were male.
 - 1. Named "Temp_Graph_cohort2.pdf" within the "Male cohort 2 – PO" subfolder
- c. Note, the code also calculates accompanying statistics for a supplementary table (recorded in "Stats – cohort 2.xlsx" within the "Male cohort 2 – PO" subfolder)
